My Journey Into Photography. WALKING THE SOUTH-COAST PATH

Join me for an captivating 90 minute talk that takes you on a tour of the stunning South West Coastline, using my personal experience of walking the entire South West Coast Path as a backdrop. This presentation highlights some of Devon's most breath-taking photographic locations, with a special detour onto Dartmoor. Illustrated with my own photographs and video clips kindly provided by The South West Coast Association, this talk is a must-see for anyone who loves the beauty of the South West.
